REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Application serial no. 10/828,526 is being allowed since none of the prior art of record teaches or fairly suggests a method for characterizing a risk for either systemic lupus erythematosus or psoriatic arthritis in an individual by measuring a level of serum bilirubin in the individual, comparing the measured level to a threshold level for serum total bilirubin, and characterizing from the comparison the risk of either systemic lupus erythematosus or psoriatic arthritis for the individual, wherein an obtained level below the threshold level indicates that the individual is at an increased risk of either systemic lupus erythematosus or psoriatic arthritis. None of the prior art of record teaches or fairly suggests a positive correlation between levels of serum total bilirubin and either systemic lupus erythematosus or psoriatic arthritis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
